

MEAT AND BACON PRESSES 8SLC

Meat and Bacon Presses Servo Flex Presses

The 8SLC Servo press is designed for automatic operation with 3 individual servos controlled by Shapetec™ press technology which secures the perfect compression and automatically flexes the height, based on the individual thickness of the product to be pressed.

- No hydraulics or cooling water.
- Reduce operating cost & sanitation concerns.

Automatic conveyors, with custom length, load, and discharge frozen bellies and integrate with existing production lines.

The standard 8SLC Servo press is manually operated with both in-feed and discharge conveyors which can be integrated into a delivery form freezer as well as hand off to slicer or similar equipment.

8SLC in Numbers

- Up to 8 cycles per minute.
- Press available with auto in-feed conveyor, made to customer specification in length.
- Press chamber length.
1040mm x 406mm x 120mm (41"x 16"x4,7").
- Up to 20mm / .75" automatic flex.
- Quick toolless die change in less than 5-7 min.
- 380V-460V x 3 phase 50Hz or 60 Hz.
- 63 Amps.
- Air pressure @ 100PSI or 7 bar.

8SLC Features

- All Servo operated.
- No Water + No Hydraulics = No Contamination.
- Largest & longest press chamber of any press in the industry.
- Intelligent Shapetec™ Press Controls for customized compression control, wrinkle reduction, optimal shape, and maximum yields.
- 3 Directional pressing for better shape and yield opportunity.
- Remote electrical cabinet, installed in dry area.
- No water contamination.
- Allen Bradley PanelView touch screen controls with visual troubleshooting assistance.
- Maintenance check list with sign-off installed.
- CE approved.

Danfotech produces, installs, and services a wide range of machinery and specialized equipment for the food processing industry: bacon presses, defrosting lines, massaging tumblers, ham production lines, tenderizers, and loading/unloading systems built around cook tanks or ovens.

Additionally, Danfotech also delivers column lifts for Vemag trolleys and plastic tubs, as well as swing loaders for plastic tubs and trolleys.
